It's been a busy, productive and exciting few months and the latest PCV Helt Nius features some of the Activity to date, including:

- History of PCV Health by Richard Tatwin
- Rafina testing eyes at the Port Vila Market
- North Efate school health outreach on WHO Oral Health Day in March
- Luganville clinic update
- Mission Outreach 2018
- Gudfala Tut Skul Projek
- Dental Service 5 Year Birthday
- Special focus on Dr David Goldsmith
- PCV Health delivers the goods – to the Vila Central Hospital

**Medical Sailing Ministries** have been working in partnership with **PCV Health** for the past 10 years – through remote-island transport, logistical support, health outreach coordination and the development of the **Vanuatu Dental Care Service**.

Despite the distance and the obvious differences between Australia and Vanuatu, we feel a close family-tie with the eight PCV Health team members – Richard, Hellen, Jessy, Bob, Morinda, Dick, Rafina and Jay (as featured in the PCV newsletter). And we are proud of the way they are working so hard to re-structure the PCV eye and dental care service into a commercial, financially sustainable business; while still retaining their focus on delivering care to those in greatest need.
